The Flower of Life is a compilation of many teachings, ancient and modern, that encourage and support each person to find his/her unique connection with Source.

Flower of Life also aids the personal and spiritual development of each individual in these ways:

- understanding and balancing polarity consciousness
- developing and improving individual integrity, impeccability, and self responsibility
- recognizing the unity of all life

In this workshop...

- **Explore** the building blocks of Sacred Geometry
- **Learn** the 17 breath Merkaba Meditation, as taught by Drunvalo Melchizedek
- **Deepen** your connection to your higher self/higher power
- **Open** your heart to higher awareness and states of consciousness
